# What is Afghanistan

## International Mining & Metals Expo

The International Exhibition "Afghanistan Mining & Metals International Expo (AMMIE)" Is the largest, renowned exhibition and investment platform that opens the way for a strong national and international partnership, bringing together mining specialists, mining equipment & Tools manufacturers, mining engineering and services companies, and other investment companies from around the world. e.g. China, Russia, Iran, Turkey, Kazakhstan, Pakistan, Uzbekistan, Ghana, Ethiopia, India and others.

Afghanistan's mineral resources are very rich with tens of varieties including.

- 1 Primary metals e.g. Gold, Iron, Copper, Aluminum etc
- 2 Industrial Metals A) Gemstone like Emeralds, Rubies and Lapis lazuli, B) REM e.g. Lithium and Uranium.
- 3 Building Material like Granite, marble & limestone.
- 4 Hydrocarbon resources like oil and gas. Those resources are estimated greater than 9 trillion dollars in value, however they have not been successfully developed during last 50 years. The mission of this event is to work for development and exploration of this mega industry.

As deputy of Federations of Chambers of Afghanistan, there is no doubt that private sector is playing vital role in mining investment, either domestic or FDI, all types of investment in the country -domestic and foreign investment- in mining, mining processing and engineering are welcomed and supported. Hundreds of companies are investing in extracting, processing and service sectors of Afghanistan which worth trillions dollars at the moment. The mining and metals industry of Afghanistan is the richest and undeveloped industry which need more attention by involvement of technical companies and firms in above mentioned sectors specially those from international market who have rich experience and can play vital role in exploration, extracting & engineering of mines and finally processing those precious deposits.

*Khan Jan Alokozai,  
Deputy Federation of Chambers of Afghanistan*

“  
As part of the government, our mandate is to promote trade and export in Afghanistan through various channels, exhibitions are the great tools for achieving such goals where we expect to meet and partner with mining industry manufacturing and service companies which are essential in this important time of mining boom.

hsanullah Pazir,  
Director of Exhibitions  
Ministry of Industry & Commerce

# We

have received a surprising interest from suppliers who originate outside of Afghanistan like China, Iran and Pakistan which is great as it means that the expo is able to attract quality sellers & suppliers from overseas in mining sector. We are targeting domestic mining, metals and Gems and we will manage to meet these kind of buyers during the show.

Sharifullah Zahid  
Managing Partner  
MiningExpo Afghanistan

## WHAT TO EXPECT?

As a gateway to Asian & Middle East Market, Afghanistan International Mining Expo will gather the highest quality products and services of the Mining & Processing industry. A meeting point of Mining buyers & suppliers between Afghanistan and the Asian region.

### INNOVATE

International MiningExpo Afghanistan is the first and only trade show dedicated to the mining industry that gathers more than 2000 buyers, business owners, government officials, and certifiers. International MiningExpo Afghanistan represents all 9 mining sectors that offers a wide range of products and services.

### LEARN

Learn from the best of the Mining Industry leaders who have experienced it, lived it and succeeded in doing it. Get inspired, well educated, and keen by the time you leave.

With a series of keynote lectures, panel discussions, and case study presentations.

### CONNECT

Introduce new products and services to the global market.

International MiningExpo Afghanistan offers a platform for business in the industry to launch new concepts and innovations by promoting it in a large scale. Elevating the standards of the mining industry in Afghanistan, middle east and Asia.

China

## VISITOR BACKGROUND

- \* Mining Extracting Company
- \* Mining Extracting Equipment Manufacturers
- \* Metal Processing Company
- \* Mining Plan & Engineering Company
- \* Mineral & Stone Processing Company
- \* Skill Labor Supplying Company
- \* Mining Safety Equipment Manufacturers
- \* Gold Design & Processing Company
- \* Jewellery Design & Processing Company
- \* Handmade made Jewellery Company
- \* Sectoral Unions

## PURPOSE OF VISIT

- \* To evaluate the event to participate in the future.
- \* To attend the conference.
- \* To identify new opportunities.
- \* Learn about the industry.
- \* Meet existing suppliers.
- \* To network amongst the industry.
- \* To place orders.
- \* To see new products and Innovations.
- \* To source new suppliers.

Attend International MiningExpo Afghanistan 2022 to connect with Mining producers, manufacturers, suppliers, retailers and importers from Afghanistan and the region.

Build a large network of contacts from Afghanistan and International Mining Markets and ensure a secure distribution or agent agreements for products and services with leading importers and mining companies.
